

Job Posting: SAS Programmer

Are you a skilled SAS Programmer looking for an opportunity to make a significant impact in Manchester? Join our dynamic IT firm and contribute to groundbreaking data solutions.

About Us:

We are a forward-thinking IT company committed to pushing the boundaries of data analytics and technology. Our diverse team thrives on collaboration and innovation, and we are looking for a talented SAS Programmer to join us in our mission.

Key Responsibilities:

As a SAS Programmer, your primary responsibilities will include:

1. Collaborating with data analysts and scientists to develop and implement SAS programs for data analysis and reporting.
2. Ensuring data quality and integrity through data validation and cleaning processes.
3. Writing efficient SAS code for statistical analysis, modelling, and reporting.
4. Creating and maintaining documentation for SAS programs and processes.
5. Contributing to the design and optimization of databases and data storage solutions.
6. Staying up-to-date with the latest SAS software and programming techniques.
7. Providing technical support and expertise to project teams.

Qualifications:

To excel in this role, you should have:

- Proven experience as a SAS Programmer (please provide examples of past work).
- Proficiency in SAS programming language.
- Strong analytical and problem-solving skills.
- Excellent communication skills and the ability to collaborate effectively with a team.
- Familiarity with statistical analysis and data modeling concepts is a plus.

What We Offer:

- A competitive salary and a comprehensive benefits package.
- Opportunities for continuous learning and professional growth.
- A collaborative, inclusive, and diverse work environment.
- Exciting projects that will challenge your analytical skills.

Location:

Our office is conveniently located in Manchester, providing an ideal mix of urban opportunities and natural beauty.

How to Apply:

If you're ready to take on an exciting role as a SAS Programmer, please send your resume and examples of your work to hr@healthgenicsolutions.com. Please use "SAS Programmer Application - [Your Name]" as the subject line.

Join us in shaping the data-driven future! Apply today to become an integral part of our innovative team in Manchester.
